

# A Community's Framework for Action on Education

**Priority community issue: Education – Helping children and youth succeed**

## **School readiness language & literacy strategies:**

- Provide resources and supports for families and caregivers
- Improve the quality and accessibility of early learning opportunities
- Provide quality, age-appropriate books to children
- Build awareness about the importance of data on children's readiness to learn
- Engage the public and educate policymakers on early learning

## **Early grade reading strategies:**

- Provide support to students struggling with reading
- Develop effective principals and teachers who keep students engaged in reading and learning
- Help families and communities to help their children become strong readers
